

## WHY GET A WEB SITE?

According to Global Reach (an online marketing and Internet statistics company), 680 million people worldwide currently have Internet access. That number is estimated to reach 940 million in 2004. Isn't it time for your church or ministry to start telling some of those people about Jesus?

Not only will you have the potential of reaching millions of people that do not know Jesus, but you can also better serve your own people. Having a presence on the Internet will allow your organization to make changing information available quickly, release time sensitive materials, answer frequently asked questions, and create a 24-hour service.

## AT FEES YOU CAN AFFORD

In obedience to what God asked of us, all of our services are totally free. We do, however, incur expenses every month. We would greatly appreciate any prayers and/or financial contribution that you are able to provide.

## ADDITIONAL INFORMATION

All sites are FrontPage-enabled and hosted on a Dell PowerEdge 2600 with 2 GB RAM and dual 2.0 GHz processors running Windows Server 2003. All sites come with unlimited POP email accounts and FTP access for file uploads. All sites include ASP, ASP.NET, and SQL Server access. You may maintain your own site or have one of our volunteers do it for you.

## HOW TO GET INVOLVED

There are different areas to get involved at, but the first place to start is with prayer. If God is leading you to get your church or ministry online, then you may fill out the "Start Witnessing" form on our web site. If God is leading you to volunteer your own web design or graphic design services, you may fill out the "Contribute" form on our web site. If God is leading you to contribute financially, then you may do so online at our web site or by mailing to the address below.

...and you shall be my witnesses both in Jerusalem, and in all Judea and Samaria, and unto the uttermost part of the earth. Acts 1:8

...The God of our fathers has chosen you to know his will and to see the Righteous One and to hear words from his mouth. You will be his witness to all men of what you have seen and heard. And now what are you waiting for? Get up, be baptized and wash your sins away, calling on his name. Acts 22:14-16

---

## WITNESS TODAY

FREE WEB HOSTING FOR CHRISTIANS.

---

# YOU WILL BE HIS WITNESS TO ALL MEN OF WHAT YOU HAVE SEEN AND HEARD.

Welcome to Witness Today, a branch of the Saving Grace Ministries vine. We share the same simple mission; to be Jesus to the world.

Christian witnessing is about sharing God's message with others. We believe that God has given every Christian the assignment and unique personality to share Jesus with unbelievers. He has empowered every Christian to witness by giving them an experience with Jesus and a personal testimony.

God can and will use the words of every Christian to reach the lost. Our vision is that every church, ministry, shelter, or any other Christian organization should be able to have a web presence today. We also know how much effort and money maintaining a web site can take. We are here to help all Christians and Christian organizations witness and share their testimony online by providing free web hosting, free email, and web design services.

## OUR TESTIMONY

---

The Witness Today ministry was inspired by God and was manifested through the vision He gave to me, Paul Hester.

God blessed me in 1991 by allowing me to find my birth father after being separated from him for 25 years. You see, he gave me up for adoption when he and my mother became divorced. Apparently he tried to keep and raise me himself, but realized I would have a better life if he let me go. I thank God often for helping my dad realize that. If I had stayed with him and his family, I would have grown up uneducated, as a coal miner in West Virginia. As it was, I got to live in Costa Rica for ten years, I got a college education, I met and married a beautiful and Godly woman, and I got a job that allows me to support a family of five.

When my father and I were first reunited, it was amazing to see the kinds of things that God shared between us. For example, we both had two passions; computers and old British sports cars. I believe that one of the reasons God reunited us was to show me that my passion for computers was not just something I acquired, but rather something given to me by Him. Another reason I believe that my passion for computers and technology is God-given, is that I have a senior-level job in the computer industry without having received a college degree in that industry. I thought I graduated from college with a degree that was going to make me an investment banker. What an awesome God we have. I wasn't even aware of my passion for computers until after I graduated from college, yet it's something God had planned well before I was even conceived. Why would He do that? The only reason I can think of is that He wants me to use this talent and passion for Him. It wasn't until February

2002 that I came to realize this purpose for my life.

I spent from February till July of 2002 praying and asking God to reveal more of this purpose and vision to me. The vision was clear; to help other Christians witness via the Internet and allow them to do it for free. God had told me what to do, but He hadn't yet told me how to do it. But by this time He had given me the courage to make His vision known, even if I didn't have all the answers. I shared the vision with Saving Grace Ministries and we decided this would be a great opportunity to work together. I shared the vision with my church and got others to start praying with me. For six months, we prayed specifically for our first server. Then in February 2003, God provided it! Then He provided the broadband access in March and Witness Today was "officially" online on March 21, 2003. Incidentally, that happens to be my daughter's birthday. Isn't God amazing?

When He planted the seed in my mind, I felt I could take it from there. I was impatient and tried to hurry God. He kept reminding me to slow down and take it easy; that this was His ministry and it would start when He was ready.

I thank God for creating me, knowing me, speaking to me, loving me, forgiving me, and giving me a purpose. I pray that I, nor this ministry, let Him down. I can't wait to see what He does with it.
